

Bill is Introduced on Behalf of Retired Congressman Ralph Regula

(Washington, D.C.) Congressman Tim Ryan yesterday introduced a bill to preserve the memory of President McKinley by retaining the name of North America's highest point, Mount McKinley. President McKinley, a Niles, Ohio native, was the 25th President of the United States.

"Mount McKinley has borne the name of our 25th President for over 100 years," said Congressman Ryan.

"We must retain this national landmark's name in order to honor the legacy of this great President and patriot."
